

The image displays a vertical stack of 12 identical control panels for the dbx 160A compressor/limiter. Each panel features the following controls and indicators:

- dbx 160A** logo on the left.
- BYPASS** and **SLAVE** buttons.
- THRESHOLD** knob: A circular knob with markings at -40dBu, -30, -20, 0, +10, and +20dBu. It includes a switch for **BELOW** and **ABOVE** threshold.
- COMPRESSION RATIO** knob: A circular knob with markings at 1:1, 1.1, 2:1, 3:1, 4:1, 5:1, 6:1, 8:1, and 11:1.
- OUTPUT GAIN** knob: A circular knob with markings at -20dB, -10, 0, +10, and +20dB.
- INPUT** and **OUTPUT** level meters: Each is a semi-circular scale with 20 markings from -40 to 0.
- LEVEL** and **GAIN REDUCTION** meters: A horizontal scale with markings at -40, -30, -20, -10, 0, 1, 2, 4, 6, 10, and 20.
- COMPRESSOR / LIMITER** text at the bottom of each panel.
